

## Exam Review Day – Friday June 16, 2017

All students are encouraged to attend their classes according to the special schedule below. Please note that casual dress is permitted on this day. Exam Review Day provides all students with the opportunity to review their exams with their subject teachers. It is an important occasion for students to reflect and deepen their learning from the exam-writing experience.

Y1 and Y2 students will receive an exam review reflection form by email that they are encouraged to fill out, from class to class, throughout the exam review day. iDiv students may choose to include their completed form as part of their Careers portfolio.

FY and IB1 students should also feel free to use the same exam reflection form to increase what they learn from this set of exams and enhance what they take with them into their future exam experiences, including their finals in May of IB2/DP2.
