

GROUP 4 - HL AND SL BIOLOGY

Date syllabus ends	Review Start Date	If formal assessments are completed early, how will students be engaged until the end of the term?
HL Biology April 23rd	April 24th	We still have 2 units to cover: Plants and Evolution. This will take us right up until the review week. Following this, we will conduct an integrated review of all course material from Y11 to Y12, discuss exam strategies, conduct student-led review sessions and perform practice exams.
Standard Level April 23rd	April 24th	We still have 2 units to cover: Ecology and Evolution. Following this, we will conduct an integrated review of all course material from Y11 to Y12, discuss exam strategies, conduct student-led review sessions and perform practice exams.
