

### GROUP 4 - SCIENCE - HL AND SL PHYSICS

<b>Date syllabus ends</b>	<b>Review Start Date</b>	<b>If formal assessments are completed early, how will students be engaged until the end of the term?</b>
SL Physics Completed 26 April	SL Physics review starts Mon Apr 29th. Review will cover all topics from Y11 and Y12 and will include practice exams from previous years.	SL Physics will be covering new material right up to 26th April so expecting all Y12s to be in regular attendance and engaged.
HL Physics Completed April 01	Starts April 01 HL Physics review starts Wednesday April 03. Review will cover all topics from DP1 and DP2 and will include practice exams from previous years.	We will be finishing the second optional unit, Astrophysics on April 01 then beginning a comprehensive review, unit by unit, using old exam questions to review the entire syllabus. The students have been engaged and I expect this will continue.
